

Performance Graph

The following graph illustrates the Corporation's five year cumulative shareholder return, as measured by the closing price of the Common Shares at the end of each financial year, assuming an initial investment of \$100 on December 31, 2004, compared to the S&P/TSX Composite Index, assuming the reinvestment of dividends where applicable.

	Dec. 31, 2004	Dec. 31, 2005	Dec. 31, 2006	Dec. 31, 2007	Dec. 31, 2008	Dec. 31, 2009
S&P/TSX Composite Index ⁽¹⁾	\$100.00	\$121.90	\$139.60	\$149.60	\$97.20	\$127.03
Common Shares	\$100.00	\$100.72	\$98.92	\$48.56	\$6.19	\$13.96

Note:

(1) The S&P/TSX Composite Index is the total return index.

Aggregate compensation levels for NEOs have increased on a year-by-year basis over the period 2004 to 2009 and do not correspond with cumulative shareholder returns. These increases are generally consistent with the results of surveys for similar positions for other Canadian companies with revenues between \$500 million and \$1 billion and were considered necessary to ensure the competitiveness of the compensation levels of such Named Executive Officers.

Summary Compensation Table

The following table sets forth, for the years ended December 31, 2009 and 2008, information concerning the compensation paid to the Corporation's President and Chief Executive Officer ("CEO") and Vice-President, Finance and Corporate Secretary ("CFO") and the three most highly compensated executive officers, other than the CEO and CFO, at the end of the years ended December 31, 2009 and 2008 whose total compensation was more than \$150,000 (each a "Named Executive Officer" or "NEO" and, collectively, the "Named Executive Officers" or "NEOs").
